So near is God to man,

**THE
SENIOR CLASS
PRESENTS**

griffin, 1955

ACKNOWLEDGMENTS ..

It takes a great deal of work for a yearbook such as this to become a reality. It is the culmination of dreams, plans, trials, errors, and decisions. Many people have combined their talents to produce your 1955 *Griffin*.

The personality of the Ad Manager, Olga Zaremba, was a valuable asset to the *Griffin*. Her perseverance in rounding up advertisements made it possible to publish a book of this size, and allowed us to incorporate in it many special effects. Working with Olga were Barb Frost and Hugh Tucker; these three handled the finances with alacrity, although the outlook was not always bright. Carmie Guistino and Ed Regal of the Treasury Staff kept our ledgers.

An outstanding feature of this *Griffin* is the artwork; Sue Aungst, Barb Boswick, and Mark Gerphide created it. The class ballot is an excellent example of Barb's work. Sue designed the three impressive dance pages. The little caricature of the Griffin is a product of Mark's lucid imagination.

Ed Rose and Ron Davis did the sport pages, introducing several novel ideas to enhance the section. Ron and Ed also lent their versatility to many of the odd jobs which plagued the staff.

The tremendous task of the senior writeups, class prophecy, history, and other creative writing in the book was entrusted to Beverly Magilavy, Sybil Foley, and Carole Carpenter. Their scintillating work expresses the true spirit of the class.

The photography in this book is the combined effort of Sid Mendelson and O'Neill's Studios. Don Leahy, our representative of the Inter-Collegiate Press, spent many hours helping us solve the myriad technical problems encountered in producing the book. Working behind the scenes as our financial advisor, Mr. Biondo helped us struggle through the ad campaign. The cheerleaders and Dave MacDonald deserve special credit for boosting the ads.

Above all, thanks go to Mr. Friedman, our friend and advisor who gave us inestimable help and encouragement throughout the year.

I hope this book will long be remembered for its originality and freshness; to all of those who are responsible for attaining this goal goes one big THANK YOU!

DEDICATION

We, the Senior Class of Nineteen Hundred and Fifty-five, dedicate this Griffin to our friend and teacher, Mr. Lister O. Weiss. His guidance, through the Student Government, has fostered the spirit of self-reliance and initiative that is required of the future leaders of America. Mr. Weiss has done much to instill in us a feeling of loyalty and respect for our school. He has spent many hours of work to assure the success of every assembly and social or athletic event. Those of us who have been in Mr. Weiss's classes fondly recall his dissertations on "oofongs" and Chinese pagodas; and those who know him only informally will never forget his friendly smile. He is truly a part of the Buchtel tradition which we will long remember.

ADMINISTRATION

MR. SCHNEYER

Mr. Schneyer, whose office is continually filled with a corps of students, teachers, and visitors, has greeted everyone with the same friendly smile for about 20 years. In addition to fulfilling the many duties of a principal, Mr. Schneyer devotes much time to the myriad of school activities.

MR. TUCKER

Mr. R. E. Tucker, who came to Buchtel three years ago, has made a lasting impression on Buchtelites. We soon found out that his stern appearance gives way to a friendly smile and his "bark is bigger than his bite." Mr. Tucker was an advisor to the present Senior class in our junior year, and still shows an active interest in our class affairs.

THE ADVISORS

From left to right are the three counselors: Miss Gustafson, seniors; Miss Maier, sophomores; and Mr. Plotter, juniors. Into their offices come all the problems of the Student Body and through their efforts, our high school days have been enriched. The profit gained from this guidance will go with us the rest of our lives.

IT ALL BEGAN...

On a grey, rainy morning in September, 1951, June graduates from Rankin, Crouse, King, Portage, and St. Sebastian cautiously opened the doors of Buchtel, endeavored to find their lockers, and ran to home-room before the 8:10 bell rang. We were the freshmen on our first day.

Like most freshies, we tried in vain to use the elevator passes, looked for Room 113, and with the aid of obliging upper classmen, found our way to the wrong classes. The pep assemblies impressed us, as did Mr. Schneyer's morning concerts. The cafeteria's sloppy joes firmly initiated us as Buchtelites. During the first few weeks we did more homework than in eight previous years combined, and got acquainted with Buchtel's "mammoth" halls. Unfortunately, it took a while longer for us to master the small locker combination.

The first football games were exciting, even if we had to use the "B" Books for the cheers and Alma Mater. In the fall we had our first taste of Student Government when we elected Charlotte Stewart and Steve Bodman as freshman representatives to Student Council. Olga Zaremba and Nancy Hitchcock had the honor of freshman attendants at the homecoming festivities.

Exams soon became a dreaded nightmare. We had visions of Aunt Minny and her Chinese pagodas; the three parts of a grass-hopper; Latin declensions; and Ivanhoe, glorious in battle. However, when grades came out, we decided they weren't so bad after all. A few weeks later Steve Bodman and Mack Hassler were chosen as King B's knights.

Spring, when a young man's fancy turns to baseball, came. For the first time, we as freshies, experienced Spring fever, and looked out of open windows with longing eyes. At the Spring Sports Dance, the May Queen had Charlotte Stewart and Robin Messerly as her attendants.

A great change came over us after summer vacation; the innocent freshmen had turned into old timers—knew just about everything, or so we thought. As sophomores, our interest turned to extra-curricular activities such as the band, glee club, Comwolei, and Hi-Y. That year Steve and Charlotte were again elected to Student Council along with Judy Wertz and Mack Hassler. Sophomores also chose Olga and Nancy to represent the class at the Homecoming game.

In November, the voters passed the School Bond issue, giving the city funds to build and remodel Akron schools. That meant a great change was in store for Buchtel.

When grades were tabulated teachers began taking notice of our class. Our football record wasn't the best but the sophomores sure had the grades!!

Steve and Bud Eisenhart were on the King "B" court in the spring of '52. Climaxing a successful spring sports season was the annual May Dance. Judy Wertz and Robin Messerly appeared as the sophomore members on the court.

In the fall of 1953 Buchtel became a Senior High School—no freshmen! The new students from West soon made a place for themselves in our class.

The six students representing us on Student Council were Pat Roney, Charlotte Stewart, Joyce Thompson, Steve Bodman, Bob Street, and Wes Pickering.

We had our first class meetings under the lead-

ership of Dave MacDonald, president; Larry Weber, vice-president; Mary Cockill, secretary; and Judy Wertz, treasurer. Our first class activity was a picnic at Sand Run Metropolitan Park after which the Juniors formed a cheering section at the football game.

In October we elected Olga Zaremba Homecoming Queen. Mary Cockill, Pat Roney, Nancy Hitchcock, Robin Messerly, and Judy Wertz were her Junior Attendants. Another notable event that month was the fire that broke out during the lunch period. Fortunately it didn't reach the main building.

The Griffins had another successful fall sports season. Dave Nelander made first string on the All City Football Team and the Cross Country Team was City and District Champs.

February was an important month for Juniors. Our rings arrived; Steve Bodman and Dave Nelander were chosen for the King "B" Court; and we found that we had a celebrity in our midst. Betsy Evans was one of the four co-winners of the national "I Speak for Democracy" contest. We felt very proud when we saw her give her speech on the "Voice of Firestone."

In the spring, construction of the new addition began. The noise of the drilling and digging made sleeping in class impossible. We took time out from our term papers to elect Margie Nimmer and Annette Power to the May Court.

The class picnic which was held at Firestone Metropolitan Park was a pleasant finale for our Junior Year.

In September 1954, we became seniors, the elite of Buchtel society. We were the ones the underclassmen looked up to for examples of leadership; scholarship; and most important, school spirit.

We were soon able to use part of the new building. It was wonderful to have assemblies in the new gym with the entire student body present.

Dave MacDonald again presided over the class meetings which were held in the new cafeteria. Ned Shearer was vice-president; Judy Wertz, secretary; and Pat Roney, treasurer.

The Cross Country Team went on to better their record of 1953. In addition to winning the City and District Meets, they placed sixth in the state. Don Allen and Dave Nelander made the All City and District football teams.

Our attendants to the Homecoming Queen were Mary Cockill, Nancy Hitchcock, Pat Roney, and Olga Zaremba. Ed Matzules reigned as King "B." Senior Knights were Steve Bodman, Bud Eisenhart, Phil Meek, Dave Nelander, Dave MacDonald, Larry Weber, and Ned Shearer.

In March National Honor Society members were chosen. They elected Jon Roush as their president; Marv Kopelson, vice-president; Jean Alspach, secretary; and Beverly Magiiavy, treasurer.

Spring passed quickly. Everyone was busy going to committee meetings, filling out applications for college, and trying to get a date for the Prom.

Graduation came at last and we had the honor of being the first class to graduate in the new building. We hope that succeeding classes will be as successful as ours and that they will enjoy their years at Buchtel as much as we have.

...BUT MEMORIES LIVE ON.

20 YEARS FROM NOW...

June 9, 1975

Dear Mary,

I'm so sorry you couldn't have been in Akron last weekend for the Buchtel Class of '55 Reunion. It really doesn't seem like twenty years since we graduated, even though I have seven grey hairs.

The reunion was held at Fixler's, which is now owned and operated by Ted Pflueger and Don Allen.

Parked in front of the renovated barn was the most gorgeous car I've ever seen! It was the new M. R.—a fabulous automobile designed by Morgan Reidinger. Morgan designed the car for Will Levey, who gave up on Henry's products and bought his own automobile manufacturing company.

As we walked in, Jim Katchur gave up samples of Add-Joy, the new shampoo made by the Joy Adams Cosmetic Company. Jim was dressed in his working clothes—the white uniform of a pharmacist.

It was really great to see all the kids again. It's surprising to see what vocations they have chosen. I never would have guessed that Jean Alspach would become the Editor of Harper's, although it was easy to understand that Jon Joyce would some day be the managing-editor of the Herald-Tribune and that Betsy Evans would be editor of the paper's Society Section. Her gossip column, much to the liking of the Talon Mentor, is by far her most popular article.

I was very surprised to see Lynn Piotter, since she leads one of the busiest lives of anyone I know. Linnie is housemother to the S.A.E.'s down at Miami University in Oxford, Ohio.

Constance Eleanor Baldwin couldn't come since she is now prima donna of the Ballet Russe de Monte Carlo and had to give a command performance for Queen Elizabeth and Prince Consort Phillip of England.

Phil Meek, who recently replaced Alan Fried as Mr. Moondog U.S.A., was flipping some platters of blues, rhythm, and jazz so we could dance. Jane Moore substituted for his famous "moon" dog by rendering a few of her infamous New Orleans cat calls.

Delois Phillips was quite outstanding as she showed several of the kids how to jitterbug. You remember, Mary, that was the rage back in '55. She's kept limber all these years as a "Rockette."

I have always been proud to know that the two most famous graduates of Buchtel High School were in our class—Ned Shearer and Marv Kopelson. Both were awarded the Nobel Prize for achievements in the field of chemistry.

Marv's explanation of "Why Milk Is White" brought him this cherished honor, while last year it was Ned's demonstration of "Why Erasers Erase" that gave him the award.

B.H.S. is noted not only for its intellectual alumni, however. Recently good looks, in the form of Janice Johnston and Diane Hutchinson gained the spotlight. Their pictures, taken by the world's top fashion photographer, Ramona Reaser, appeared on the cover of Vogue last month.

John Daily, owner of the Daily Monument Company, was there. He told me that his firm is fashioning a marble bust of Mr. O. L. Schneyer, our principal, who recently retired. The new principal, Mr. Ronald Lynn Davis, intends to keep it in his office. A Farewell Square Dance was given in O. L.'s honor. What a ball!

Sitting at the next table were Robin Messerly and Dr. William Lebeau, who is now an orthodontist. Bill was talking to Robin, who owns the Messerly Adoption Agency, about the teeth of thirty of her "children." Robin has been fairly busy these past few years.

At about eleven o'clock, the program committee, consisting of John Lahood and Wendy Buchholzer, took over. John is the number one D.J. in the nation, while Wendy is Sports Editor of the Akron Beacon Journal. In her most recent column, "Wendy's Whispers," she gave the odds on the Case vs. Yale football game to be held next fall. Case Tech., coached by Dave Nelander, is favored by a score of 14-0. Dave's team is undefeated in the last 91 games.

The famous recording trio, the "Blue Notes," were first on the program. You remember, Mary, our old classmates, Eddy Rose, Willie Cunningham, and Dave Rosenburg. They sang their most recent re-

lease, the ever-popular "Playmate."

After this, some of the other well-known classmates were summoned to the stage. Dave Woodard, conductor of the Boston Symphony Orchestra, was first to be called. Next was Hannah McClelland, who is head of the chemistry department at Vassar. Hannah offered to perform some experiments for us; but Mr. Reeves, remembering her high school experiments, shouted; "Oh, no!" We thanked her just the same. Dave Klein, prominent criminal lawyer was also introduced. Dave's latest client, Debonaire Debby Davis, was recently exonerated on a charge of "flirting" on Sunday. Brigadier-General Jerry Masters, career man of the U. S. Navy, flew in from the Hudson naval base. Sue Gray and Carol Prentiss were the airline stewardesses and he said he bought his tickets from Connie Theophilus, who is reservationist at Capitol Airlines.

Another busy man, Mr. Robert Hastings Street, was next to be tapped. He is in Akron with his protegee, Corky Pierce, who holds the title of the World's Featherweight Champion Boxer. Bob and Corky came directly from Hollywood where they just finished making a movie similar to the Joe Palooka series back in the good old days.

I nearly fell through the floor when I saw Larry Weber walk in the door. As you know, Larry, a prominent surgeon, has won once again at Indianapolis under the direction of Mr. Kinney. He had a record breaking time of 374 5/8 m.p.h. Larry said this of his famed Kinney Racer, "They don't hardly make them kind no more."

I noticed Rochelle Dienoff's picture in the paper not long ago. She was chosen "The Prettiest School Teacher of 1975." Shelly was shown taking her class on a picnic in the middle of a bed of poison ivy. You guessed it, she caught a cold!

I talked to the newly elected president of the Patricia Lou Pill Factory, Pat Roney. Pat devised the NO-LEAN pills for thin girls. Our 1975 men demand the hefty, hale, and hearty type.

Seated next to Pat were Barb "Legs" Frost and Al Ransweiler. Barb, who is known as the second Betty Grable, has just returned from New York where she played the lead in the stage production of "Legs Are a Girl's Best Friends." Al told me that he recently signed a \$1,000,000 contract with U.C.L.A. as baseball coach.

I saw Cynthia Sue Colley, for the first time in months. Her nursery school has been quite busy since Bud Eisenhart left his quintuplet sons in her care. Buddy is in Europe with the rest of the U. S. Bobsled Team—Bruce Gehman, Trafford Darst, Bob Butts, David Bavis, George Seyfarth, and Harvey Dunn.

Jim Jolley was there too. He brought a model of one of his most recent inventions, a spider-proof house. Jim has this to say about his new invention: "In all Jolly houses to come, spider-proofing will be a standard feature."

The reunion was really a success. Afterward we drove by the new David Fassnacht Super Drive-In Restaurant, designed by the firm of Rothkin and Campano. It was erected in the record time of 2 hours by the speedy builders Hower and Jahnke.

As I said before, I'm very sorry you couldn't have been here. We had a very enjoyable time and it was really swell to see all our old classmates again. Everyone said to tell you. "HOWDY!!"

Be good,

Sybil Foley

SOPHOMORE CLASSES

The first day of school, 1954, was an important date in Buchtel's history; because on September 9, 429 students entered the ranks of sophomore Buchtelites.

Initially, the number 429 is significant since no other class has ever been so large. However, the number isn't the only thing that is important. These students were the first to graduate from West and Perkins under the Junior High plan, and will be the first full-fledged Senior High class from Buchtel.

Putting a yearbook together is like the manufacturing of most any product. Each person has a specific job. If the individual jobs are well done, the finished product has value and will last.

The Griffin assembly-line is not as systematized as that of General Motors. In one corner of the room the editor is pleading for haste in cropping pictures. In another, copy writers are deep in thought or furiously looking through past editions for ideas. The ad managers are running back and forth typing and locating ad copy or preparing a speech for the morning announcement.

Soon our deadline, the Ides of March, became a reality. We sincerely hope that the 1955 Griffin will endure the test of time.

The editor of Buchtel's 1955 Griffin was ambitious and conscientious Dick Gunther. He and Mr. Friedman, our advisor, discuss the class ballot with Mr. Leahy, representing our publisher.

The impressive art work in this Griffin is attributed to the efforts of Mark Gerpheide, Suzanne Aungst, and Barb Boswick. Ed Rose and Ron Davis specialized in layouts.

Hugh Tucker appears a bit skeptical at the way Barbara Frost and Olga Zaremba are handling the ad copy. These three had the responsibility of getting the class to sell ads and patrons, so that our yearbook will be the best.

Carol Carpenter, Sybil Foley, and Beverly Magilavy had to type layout sheets, write copy, and compile the Senior pictures and write-ups.

Once every three weeks, Talon Staff, with the help of the advisors, Mr. Charles Schifano and Miss Anna Simpson, publish the school newspaper. "Without the help of Phil Meek, Layout Manager; Dave Rosenberg, Advertising Manager; and Jeanne Capous, Head Typist; the paper could never be published," said Betsy Evans, Editor-in-Chief.

This year, under the leadership of Betsy Evans, and with the help of Jon Joyce, Managing Editor, a new system has been originated. Instead of having editors for the separate pages, as in the past, the Staff now has two editors for each type of article: news, features, special features, and sports. Mack Hassler, unfortunately unable to appear in this picture, is Circulation Manager, and is in charge of distributing the paper to the student body.

Undoubtedly you've noticed the cuts done by Ron Harris, and the photographs by Ray Plappert, which add so much to the appearance of the paper. Robin Messerly and Sybil Foley are in charge of assigning the special features, while Barbara Bock and Judy Hays take care of the regular feature stories.

Annette Power and Joyce Thompson have the hard job of gathering the news for each issue. In charge of the sports section are Jach Miller and Jerry Federman. When the copy for all the pages has been put together, it is copyread and then taken to the printer. After almost a month of preparation, the paper is finally passed out to the students and faculty as well as being sent all over the country to Buchtel alumni and other schools.

Jerry Myers, Treasurer, Mary Weber, President, and Sid Lesowitz, Vice-President, appear to be satisfied with a list of plans for the year. The Latin Club meets twice a month, under the guidance of Miss Helen Pfahl as faculty advisor.

Gilbert Winer, Mary Weber, and Sid Lesowitz watch Harold Bragg, Bill Borden, Kay Kroger and Jerry Myers dramatize a Roman play. This is one of the many programs presented to further a lasting interest in Roman culture and to show how Latin has influenced our daily life.

ORCHESTRA

The Orchestra meets seventh period every day under the direction of Mr. Lubomer Yanculiff. They have provided the music for Buchtel's Thanksgiving and Christmas programs, May Festival, National Honor Society Program, and Graduation Exercises. The officers this year were Robert Houriet, President; Marvin Boggs, Vice-President; Elyssa Linder, Secretary; and Dean Milo, Treasurer.

A new attraction in Buchtel's Music Department this year is a Vocal Ensemble which was formed by Mr. Kidder. They sang for Buchtel's May Festival and for the West Hill Kiwanis Club. Mr. Kidder is explaining a new arrangement to Paula Korman, Gail Mason, Martha Burdett, Beth Crankshaw, Aleen Marshall, Vincent Yinger, Ricky Evans, and Buzz Davenport.

The Sophomore Glee Club practices third period every day under the direction of Mr. Kidder. They have participated in Buchtel's Christmas Program and May Festival. They have also entertained the junior high students in assemblies at West and Simon Perkins. The officers are Buzz Davenport, President; Joyce Jones, Secretary; and Stan Foster, Librarian.

Buchtel's String Quartet consists of Robert Houriet, Marilyn Brown, Elyssa Linda, and Roy Gorden. They have played for a Fraunfelter PTA meeting, a meeting of music teachers at West High, and at the Florence Crittenden Home.

GO GRIFFIN!

Our football games, basketball games, and pep assemblies would not be complete without the spirit and enthusiasm generated by our cheerleaders.

The squad for '55 consists of Nancy Boss, Cynthia Roysdon, Marlene Miller, Lynn Humiston, Judy Wertz, Margie Nimmer, and co-captains Pat Roney and Sally Nathan.

Lynn, not pictured, was home fighting an attack of "sun lamp exposure."

The team, composed about equally of Juniors and Seniors, also made a splendid showing against East, defeating them 27-13. Under the direction of Coach Appleby, this year's cross country squad has posted a very successful season. Led by junior, John Hillegas, the Buchtel harriers climaxed another great season, including their second straight city championship, by capturing a tie for sixth in the state. The letter winners were Jerry Gehman, John Hillegas, Trafford Darst, Bob Butts, Richard Huffman, Ken Kemp, John Schneider and Jack Gosling. The team is looking forward to another banner year next season, as only three of the lettermen will be graduating.

SWIMMING

TEAM

Buchtel's Swimming Team had another great season this year. Undeclared in Greater Akron Swimming League action, the team is holder of the Championship Trophy. At the City Individual Meet, Buchtel swimmers, though not competing as a team, received nine first, three second, and three third place medals. Buchtel was among twelve of the top teams in the state to participate in the Kent High School Relays. In the District Meet, the Griffs were second only to Canton-McKinley, qualifying them to compete in State competition. Raced by Eddie Slater's third in the 50 yard free-style, Buchtel finished the season twelfth in the State, an outstanding achievement.

BASKETBALL

Nothing to it!

The 1954-55 basketball season began with a situation which every coach dreads: no returning lettermen. With only Fred Kittleberger and Ed Matzules returning from last Year's varsity squad, Coach Porosky was faced with rebuilding the team. Juniors filled the ranks with the exception of four Seniors and Sophomore standout Henry Primes. Despite the odds and the high caliber opposition, Coach Porosky's spirited team made a fine showing. If the impressive performance of Juniors John Poulos and Howdy Wright is indicative of future success, the Griffin team of 1955-56 should be outstanding.

And the score goes up another notch!

Get that tip!

Our team is one of the leading contenders for city baseball honors. Coach Cook's Griffins have already displayed the drive and stamina that has characterized former Buchtel teams.

Among the many returning players are stars Walt Kirn, Ron Willis, John Poulos, Dick Fischer, Dave Nelander and Al Ransweiler. Led by these boys, the team has prospects of another successful season.

The 1955 track season started with a 61-57 victory over Coventry. With 7 returning lettermen and plenty of depth to bolster the squad, Coach Blateric is expecting a successful season. Outstanding performances are expected from John Hillegas and Jack Gosling in the mile, the Russell brothers in the high jump, Mack Hassler and Bob Jones in middle distance, and Dave MacDonald and Tom Kreakbaum in the shotput.

Front Row: B. Feinman, M. Shapiro, R. Schaal, B. Gore, J. Federman. Back Row: Coach Maxwell, P. Troyer, D. Price.

The golf season got under way in fine form, when the team defeated Kent Roosevelt 8-1. Besides the two returning lettermen, Rick Schaal and Bill Gore, Mr. Maxwell is expecting top-notch performances from Marvin Boggs, Paul Troyer, and Dennis Price.

GOLF

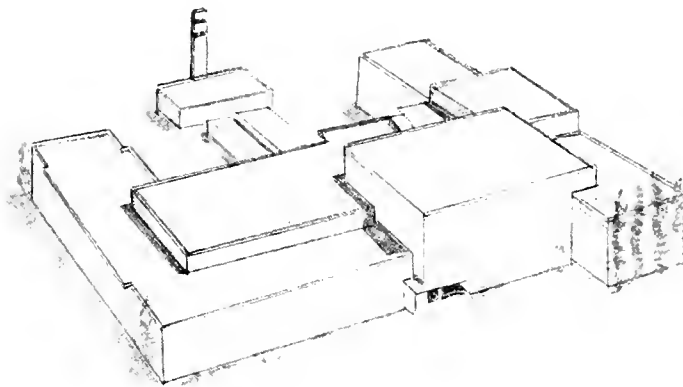

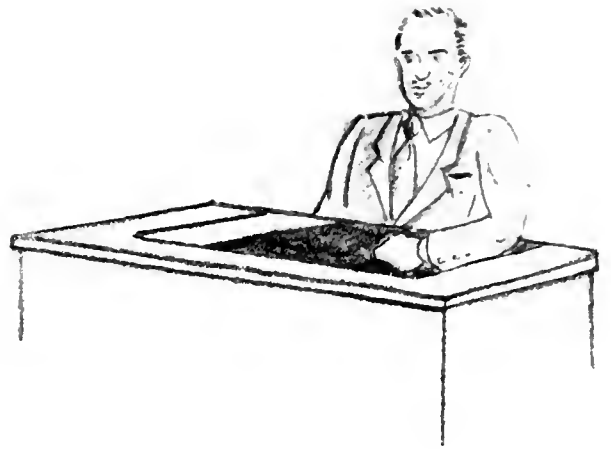

The tennis team, under the guiding hand of Mr. Harris, is looking forward to another satisfying season. Despite the fact that no lettermen have returned, Seniors Elbert Griffiths, Bob Houriet, and Junior Dean Milo are proving their skill in singles. Bill Lebeau, Senior, Al Friedman, Leon Lewkowitz, and Gary Friedman, Juniors, have taken the lead in displaying their ability at doubles.
